Dear Mr. Brewer,

Just a note to let you know how much I appreciate you helping me personally with the formation of my new business, as well as my insurance agency with navigating everyday business matters and the favorable resolution of a particular litigated matter.

Your representation and firm's services have provided nothing less than great outcomes since our attorney-client relationship began back in 2022 and your efforts are most appreciated.

It is great to have a local attorney who is ready and willing to assist as efficiently as you and your firm have always and continue to do for us.

I look forward to our continued working relationship both personally and professionally.

Sincerely,

Joe Kader
